Mr. David Eaton
Baker Industries Corporation
P.O. Box 37
Conda, ID 83230

September 11, 1985

Dear Mr. Eaton:

Enclosed are the fluoride levels found in the vegetation samples collected on August 14.

I am in the process of arranging a date for a meeting to present the results of the 1985 study. Since I will be away from October 17 to November 11, the meeting will have to be scheduled before October 11 or after November 13. Please let me know the date you would prefer for this meeting.

I am contacting Sarah Henson, Caribou County Extension Agent, concerning a date for this meeting.

Very truly yours,

A.C. Wiese, Professor Emeritus
Department of Biochemistry
